

Buda Transportation Master Plan – Community Kick-off Meeting

As a group, please provide feedback to the following questions:

What locations in Buda are currently congested?

Are there any intersections with potential safety issues?

Where should new corridors be located?

Which corridors should be improved?

Which areas or corridors need better bicycle and pedestrian accommodations?

Are there locations within Buda that are challenging to get to?

What types of transit service (local bus, express bus, commuter rail) would provide the most benefit to Buda?
